

Dear auction participant,

CWS Marketing Group (CWS) received a letter dated October 28, 2021, regarding a driveway extension and was asked to submit an architectural application for approval. CWS, USA and HSI have no knowledge of when this work was completed, contractor, plans or any information regarding the driveway extension.

The application was submitted as a formality at the request of Seacrest Services, the property management company for Black Diamond HOA. The application was denied.

On December 8, CWS received information regarding the violation. The driveway is extended past the frame of the house on the right side. Please see attached illustrations.

CWS will not be completing the removal of the driveway extension. The buyer will be responsible for remedying the violation with the HOA Architectural Control Committee after closing.

Should you have any questions please contact me at (571) 921-4283.

Dear USA:

One of the primary goals of Black Diamond Homeowners Association, Inc. is to protect the aesthetic appeal and property values of the neighborhood. In order to accomplish this, certain rules and regulations are established by which homeowners and residents must abide. A concern was noted during a recent inspection and we felt it necessary to send this gentle reminder.**

The new home construction - driveway extension, on your property has not been approved by the architectural committee. Please submit an architectural application for consideration.

We understand that many times residents are simply unaware that a problem exists or the inspector may have observed a very temporary situation that will be taken care of shortly.

We sincerely appreciate your time and attention to this matter. Please remedy this situation in the next 30 days if you have not already done so. Thank you in advance for your cooperation.

Sincerely,

Dee Dee Turner
Property Manager
